| • HTML        | • Bootstrap             | • Dependencies Injection        |
| • CSS         | • REST API's            | • Git                           |
| • Spring Boot | • SQL                   |                                 |

## EXPERIENCE

**Generation Junior Full Stack Java Developer Program** | Remote | August 2022 – December 2022

*Training Participant (in progress)*

- Participating in a 16-week, 460+ hour Junior Full Stack Java Developer program that emphasizes hands-on practical application
- Learning and deploying the technologies involved in creating full stack web applications with Java using Spring Boot Framework, JavaScript, HTML5, CSS3
- Implementing basic driven unit tests and deploying the application to Heroku
- Collaborating with peers on our e-commerce project connecting the front-end and back-end.

**Electronic Arts** | Baton Rouge, LA | May 2022 – August 2022

*Video Game Quality Assurance Tester*

- Ensured station's consoles and computers have the correct build/version.
- Efficiently reported bugs and queries using JIRA.
- Playtest, Task Specifics, and Ad-Hoc for upcoming releases.
- Familiar with bug reporting tools such as video and photo editor, screen recorder, and in-game commands.
- Worked profoundly with small teams for ad-hoc or specific tasks and large-scale teams for playtesting.

**Green Heart Meals** | Lafayette, LA | June 2020 – May 2022

*Cook/Website Manager*

- Prepared and cooked meals according to daily inventory of 1000 meals.
- Displayed and sustained adequate inventory of 75% in the store fronts.
- Assisted the redesign of GreenHeartMeals.com with Sprwt, a meal prep software.
- Maintained accurate inventory and updated photos and descriptions on website.
- Ensured user experience across the website is smooth with no bugs.

## EDUCATION

**Delgado Community College** | New Orleans, LA |

- Associate of Applied Science in Information Technology
- Cumulative GPA: 3.7/4.0 | Dean's List
